## STUDYING TOWARDS A RECOGNISED QUALIFICATION

ICS Online Academy offers courses in support of students preparing for the Institute examinations and gaining a **Diploma** or the **Professional Qualifying Examinations (PQE)** leading to membership of the Institute.

The **PQE** form the pinnacle of the Institute's qualification leading to membership. It comprises seven exams which can be taken over a maximum of five years. Exemptions may be available to candidates with prior qualifications.

The **Advanced Diploma** has been designed as a stepping stone into full professional qualification and suits those who have some industry knowledge. It involves taking two exams: the Institute's benchmark paper Shipping Business plus one other subject from the list of optional papers from the Institute's syllabus.

The **Foundation Diploma** is ideal for people with little industry experience and would like to gain practical knowledge and a sound qualification. It involves taking two exams: Introduction to Shipping plus one other optional paper.

## All 16 PQE subjects available

- Introduction to Shipping
- Legal Principles in Shipping Business
